

ANNEX NO 4

PRICE LIST

FEEES FOR ACCESS TO OIU

Price list for services provided on the railway siding service infrastructure facility managed by

"Autoterminal Śląsk Logistic" Sp. zoo.

Basic fee for the Service Infrastructure facility

FACILITY	service	Fixed cost EUR	Cost per wagon EUR
Terminal	Freight terminal services	300,00	35,00

The unit price for the service of providing a freight terminal is the sum of the fixed fee and the product of the wagon fee and the total number of wagons, calculated according to the formula: $Price = O_s + (O_w \times W_n)$, where O_s - fixed fee, O_w - wagon fee, W_n - number of wagons accepted at the delivery point.

Additional fees

nazwa usługi	comments	type of traction	unit measures	EUR
Occupation of siding tracks	Wagon standstill up to 24 hours after 4 hours from rolling and rolling into siding (track group ZO)		wagon/h	2,5
